Rodolfo Kurchan
Rodolfo Kurchan
Clive Panto
Kadon Enterprises, Inc.
Acrylic
Put-together puzzle
[1.1] 2-Dimensional
assembly puzzle /
[ASS-CART] Assembly
of cartesian parts
see below

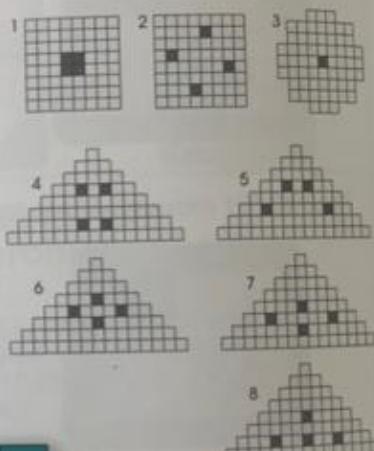

Pieces:

The puzzle consists of 1 O-tetromino, 2 I-tetrominoes, 3 L-tetrominoes, 4 T-tetrominoes and 5 S-tetrominoes, and an 8x8 board with four grey 1x1-pieces.

Objectives:

- Fit all 15 pieces into each of the given grids number 1, 2 and 3 (see picture on the right) so that all areas having the same color are connected edgewise (unique solution). Gray squares are empty spaces. You can use the single squares to fill them.
- Place the four single grey squares into the shaded unit areas of the grids 4, 5, 6, 7 and 8 as shown on the right and put the pieces into ...
 - each of these figures such that different pieces of the same color do not share common sides.
 - each of these figures such that different pieces of the same color do not even share common corners.

Solutions:

All solutions for challenge
4,5,6,7 and 8 are of type 2b.
